Profile

Motivated and Enthusiastic Second year BSc (Hons) Computer Games Design & Development student currently studying at Cardiff Metropolitan University looking to enter and contribute to the games industry. I'm wanting to pursue an internship to develop my skills, experience the day to day and surround myself with people who I can learn the most from. As a mature student, I have had an extensive career and understand what is expected of me in a workplace environment and although this is a complete career change, the games industry has always been a passion of mine and I am excited to tackle any of the challenges that come with it.

Experience

- Participant in multiple Global GameJams and Institution winner of "Global GameJam 2023" using Unity as part of a seven person team.
- Sponsored attendee as high achieving student to Develop:Brighton 2023 games conference.
- Conversion of University Unity project from 2D to 3D as part of a four person team.
- Actively participated as an Alpha and Beta tester across a diverse selection of games.
- Interest in 3D modelling using 3ds Max
